This-n-That from the Editor's Desk...

Dear Readers,

As we write this, thoughts about the **Promenader Benefit Dance** coming up on Sept. 29 are moving to the front burner. We are hoping to have a planning get-together in August, to allow anyone who can to participate in this effort. We need lots of help to make the dance a fun time for all. If you are able to help, please give us a call or an e-mail, and we'll tell you the specifics. This event is very important to the bottom line and the future of the *Promenader*, so please, please, make a special effort to come, say hello, and join in the fun of dancing to EIGHT callers and cuers who are donating their time. As we have noted on the flyers, we are asking anyone who can to bring finger food, munchies or snacks that evening. See our ad on the inside front cover if you need more information

about the dance. If you can car pool with others from your club, it might be a great time to go out to dinner together and then on to Washington Irving School for

the evening! We will be working with CS Engraving to provide you with dangles in a new color scheme for the occasion. We hope many of our supporters and well-wishers will wear them proudly.

And we are once again offering a special ONE-EVENING ONLY discount of **10% OFF** next year's subscription price

to anyone who subscribes AT THE DANCE THAT NIGHT!

You may also subscribe at the normal rate by sending in the Subscription Form on page 7, or by signing up on your club subscription list. Send subscriptions to our subscription editor, Dorothy Woodams (see page 3) and make checks payable to the *Promenader*. The new subscription year will begin with the Dec.'01/Jan.'02 issue.

We hope to see many of you at the September dances, and especially at the *Promenader* Benefit Dance!

Betty & Andy Ludwick

A SPECIAL NOTE FOR REPORTERS: Please notify us by the Sept. 1 deadline of any changes for the list of Presidents, which we plan to publish in the next issue. If you include it at the top of your club news form, that's fine.

CHEF'S CORNER...

Here it is almost time for the new dance season to start. It is also time to start thinking about what to make for the snack tables around the Square Dance Community. This recipe will more than satisfy all the chocoholics at the clubs. Along with a secret ingredient that will literally Knock Your Socks off.

KNOCK YOU NAKEDS

- 1 pkg. German chocolate cake mix.
- 1 cup coarsely chopped nuts (your choice)
- 1/3 cup evaporated milk.
- 3/4 cup butter, melted.
- 60 pcs. caramel candy.
- 1/2 cup evaporated milk.
- 1 cup (or more) chocolate chips.

Combine and mix well, cake mix, nuts, 1/3 cup milk, and butter. Press half of the mixture into the bottom of a greased 8" X 13" Pyrex baking dish; bake at 350°F for 8 minutes. Melt the caramel candies in top of a double boiler with 1/2 cup milk. When caramel mixture is well mixed, pour over baked mixture. Cover with chocolate chips and cover with rest of dough on top of the chips. Bake for 18 minutes at 350°F. Cool completely before cutting into squares. Yields 18 to 20 squares of pure chocolaty decadence.

Enjoy! **Chef Z**

Editors' note - We agree with Chef Z that this is a recipe worth repeating!

Presidents' Corner...

We are entering the summer season, and many clubs take a break from dancing. Many classes have graduated or are about ready to graduate. The real challenge is before us. We must all encourage these new dancers, so that their enthusiasm doesn't diminish during the summer.

Keep in touch, and invite them to join you for demo's, picnics, etc.

Everyone try to attend the New York State Fair Round and Square Dance on Tuesday, August 28 at 6:00 p.m. Jerry Carmen will be Calling and Bill Howard will be Cueing. Bring new graduates along. This will be a great opportunity for them to meet square dancers from all over the State.

Federation News...

THANK YOU TO EVERYONE participating in the Alzheimers' Benefit Dinner Demo on June 4. We had a wonderful turn-out with most clubs represented and it was fun for all. Special thanks to Gary and Alice who called and cued despite Alice having broken her wrist the day before and having her arm in a full cast.

The Alzheimers' Association was very appreciative of our performance and rather than our providing Open House flyers they gave us an ad in their program which normally would cost \$250 but was free for us. The Ad invites everyone to an Open House of their choice. As we receive phone calls, hopefully many, we will direct people to the club contact number for the location and night of the Open House they are interested in.

Thank you.

Presidential Update

REPORTERS: If your club's contact information on our presidents' list (which appeared last in the Feb./March '01 issue) has changed, please make sure we have the new information in our hands by the Sept. 1, 2001 deadline.

The best way is to make note of it at the top of the reporter's Club News page (in the area where president and reporter information goes.)

Learning From the Past...

Reminiscences of Our Square Dancing Roots...

An interview of the legendary square dance developer, Ed Gilmore, which was conducted in 1961, was recently brought to our attention. We included some excerpts from that interview in the last issue of the *Promenader*, and are continuing here with some additional excerpts. We encourage readers who wish to see it in its entirety to go to the following website: www.squaredance.ws/asd/featurearticle/aboutgilmore.asp

Our thanks to Orlo Hoadley for his assistance in selecting these excerpts.

Reprinted with permission.

A problem identified...

The fact remains that we have grown so tremendously in the United States in the past 10 years, [1951-61] and especially the last 5 or 6, that thousands of new callers have started with no training, absolutely no training. The majority of them didn't even know how to dance well. They didn't even know how to do figures well when they started calling. And yet they are trying to teach other people to dance, and [they] call for them. And the dancer coming into this sort of an activity is the victim of a circumstance which is no one's fault but, nevertheless, leaves him in the position of square dancing for a short time and dropping out.

And we have had in this country, a year or so ago, spot surveys to determine as near as we could, and it ran around 85% turn-over in two years.

His take on what works...

We've heard it from so many people. So, what we're trying to do is to instigate a training program in every area conducted by the older, more capable, leaders, the ones who have gone through all of these phases. They've tried speed and complexity, and intricate choreography, and novelty, and mob hysteria, and showmanship, and telling jokes, and everything else.

They've tried all these things, and they've come to the conclusion that the only thing that can be sustained year in and year out is good, comfortable, rhythmical movement to music and good sociability, tremendous emphasis on the sociability, the enjoying the company of other people.

Good leaders needed...

First, you have to recognize this, that every activity is just as strong or just as weak as its leadership, and I don't think anyone can argue with that. Therefore, we must develop strong leaders. The leader, and the principal leader in the square dance activity, is the caller. He must be the principal leader. He must develop good dancers and good dance leaders who will lead dancers insofar as leading them through the necessary steps to make a dance function, to make a club function.

Dancing requires music...

I think dancing must be comfortable, flowing, rhythmical, properly timed, no clip timing, properly designed, no two right hands in succession.

The caller has to work at timing, and rhythm, and phrasing, and pitch, and harmony, and, post-command insurance and pre-command insurance, dance design, program design, balance of new and old, all the things that go into making good programming.

He has to work at knowing how to get along with people, how to handle people and it's work, you have to study.

It requires work, and study, and effort. Anybody can get up and just recite words and ignore the music, you see. But it will not be sustained dancing. You see, from the beginning of man's history, ever since the very beginning of man's history, dancing has been to music, and every form of dancing in the history of the world is precisely measured to music.

I have never found anyone, who can phrase and time properly, and use correct design of the dance and knows and understands the music and the relation of the dancing to the music, who disagrees with me.

Nevertheless...

I'm smart enough to know that the average dancer couldn't care less when I've been real clever. When he's happy is when I move him continuously through three hours of dancing without him stumbling and being embarrassed, and he's moved rhythmically, and he's not exhausted and tired, and wants to dance another hour.

I know he'll be back next week.

**How about it, folks — what makes you come back next week?
What's your opinion?**

Dancers: It sometimes happens that while dancing, a situation arises where someone collapses or faints, and it may be difficult for the caller to see what has occurred. IT IS IMPORTANT, therefore, that all dancers familiarize themselves with the square dance method of dealing with this kind of situation. This method is called E.C.M.A.

E.C.M.A. is the abbreviation for Emergency Call for Medical Aid. This signal is designed for use by dancers to notify the caller of a medical problem in their square. When such a problem occurs, important minutes are often lost in the frenzy of waving arms and explanations which cannot be heard or understood across a crowded dance floor. The method of an **ARCHED CIRCLE** will assure the fastest possible response time by medical personnel to an emergency on the dance floor. In this way, precious, perhaps lifesaving minutes, can be saved.

STEP ONE: When a dancer goes down, a second dancer attends him/her.

ECMA

Emergency Call for Medical Aid

STEP TWO: Remaining couples join hands and take a step backward. This allows the injured person and attendant air and room.

STEP THREE: Raise joined hands as high as possible in the form of an arched circle.

STEP FOUR: On seeing this signal, the caller or club representative will immediately place an Emergency Call for Medical Aid.

This system was, according to historical sources, first introduced at the 33rd National Square Dance Convention in Atlantic City, New Jersey, in 1977. It was their hope that callers across the country would take the time to explain the arched circle ECMA signal to their dancers and familiarize them with both the procedure and its purpose. This is not being done and we feel that this is an important part of our being prepared in the event of an emergency.

Clubs — please familiarize your callers, members, and guests with this procedure.

We welcome square dancers Sally and Mel Premo, who reside in Canisteo during the summer months, to our Club.

Officers for the 2001-02 dancing season are: Presidents Don and Arlene Egle, Vice-Presidents Randy and Brenda Mueckl, Treasurers Mary Lou and Jim Rex, and Secretary/Fed Reps Jan and Joe King.

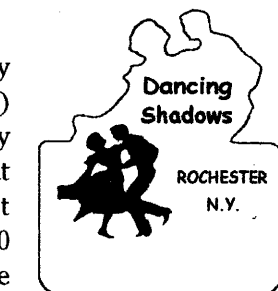

Last year, Muriel Herzog began teaching round dancing to several interested couples in our club. We hope to encourage more Club members to join in this year.

Our annual Halloween party will be held in the lodge at Letchworth Park (Castile entrance) on Tuesday, October 30. Members and guests start gathering at 6 p.m. All members who dare dress up receive prizes, provided by our Caller and Cues, Will and Muriel Herzog, for whatever category the committee comes up with. There is always plenty of food and guests are welcome.

We look forward to another fun year of square dancing and friendship. An open invitation is extended to the Federation officers and other club members to join us any Tuesday evening.

Finger Lakes Squares

A hot summer makes air-conditioned dancing appealing, so join us at the American Legion August 9, 16, and 30. Then in September we should be back at North Street School on the 13th, 20th, and 27th. (As September dates are not confirmed yet, check with us to be sure.)

At this writing the Marshalls are busy planning their spectacular and delicious ice cream Sundae party. By the time you read this we will have enjoyed, after the July 12 dance, their hospitality, some great sundaes and plenty of socializing. Thanks again, Vern and Liz.

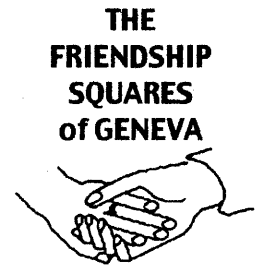

This fall will mark the end of an era for Finger Lakes Squares. Bob and Carol are leaving us, to be able to spend more time enjoying retirement in Florida. Sad, but true, and will we ever miss them! Plan on attending Bob's final calling dates in September and October.

Friendship Squares of Geneva

Our big dance for the year in Watkins Glen is Sept. 14-16, and this is the year for purple and grapes, or white grapes, or red grapes in your clothes if your want to celebrate "Grapes Galore" in your dance costume! We think it will be another beautiful dance, in a wonderful hall, with Keith Rippetto and our own Bob Stern and Mark and Marlene Thone doing the calling and cueing for us. Please send in your registration now, and join us for a grand time.

Our regular dances will be Sept. 7 and 21, or at least that is what we have requested from the school system. The West Street School principal sees no problem there, but please phone if you are coming from any distance as we do not have official word yet. We'll be away for the first weekend, so call Lilyeas at 315/789-2170 or Marshalls at 315/789-1921.

We sincerely hope everyone is enjoying a great summer. Silver Squares dances away the summer every Monday, so come and join us for a good time. For August, dances are held each Monday with a special - FREE - dance on August 13. All are welcome, couples and singles. See the ad in this issue.

September starts the dancing year again and our schedule remains the same, except of course, no dance on Labor Day, September 3. On September 17 plans are being made for a Fall Fling. No details on this as yet, but it will be an appropriate celebration for the beginning of the dance year.

As always we invite old friends to join us on Mondays and we are always happy to see new faces in our squares. The hall is air-conditioned and dress is casual until fall. Come and join us, you will have a great time.
